The game that was released as a premium game on the PS Vita in Japan in September 2014. • World of Elden Story The Story of the Lands Between takes place between the time when a world began and the distant future. There is an abandoned world, once ruled by a mysterious alien race, called the Elden. One day, a young girl named Yuki (voiced by Honoka Ichiki) arrives at this world and, in her search for the reason for the abandonment of this world, she is led to the fortress of the Elden. (IMAGE 1) The Elden is a sacred realm that the Elden race built. This world is sealed off by a powerful fortress. When Yuki arrives, she witnesses the tragedy of the Elden race and the results of her battle. Yuki vows to help the Elden race. (IMAGE 2) The people on the Elden have a soft, round texture to them. The name 'Elden' is said to mean 'soft person.' The story that unfolds in the universe in which you travel and fight with the help of other characters is an epic tale of the human race. (IMAGE 3) Yuki is summoned by the Elden and vows to be at the side of the Elden race in the war against the Self. After the war, she asks the Elden to let her become their master. • Elden Race The Elden race is a race of gentle lifeforms with a reflective and soft appearance. Their battle soul is Elden. They are the guardians of this world, and call their domain the Elden. They are slowly coming to their senses after their destruction at the hands of the Self. While you battle alongside the Elden race, you will come to know them as people in the process. • Quest System As you enter the world of Elden, you can take on quests of various difficulties. (IMAGE 4) On completing the quest, you can gain new equipment as a reward. Your goals will become clear as you accomplish quests that can be completed in a variety of ways. * Features and Events The story is re-told in fragments that occur every once in a while. • Meanwhile, a giant crater is opening. (IMAGE 5) This is the beginning of the attack of the Self. At first, you

"The Elden Ring has always tried to draw action games into their own field, and has done well at it. In most of the games they released, they have been able to provide a good balance between the strategy of the board game and the large scale action of the RPG. Even though this game has a streamlined version of the board game on the 3DS, it still retains the strategy and design of the original game. It is in the RPG elements that this game shines. In the main quest mode you will be working your way to the top of the Elden lords and increase your power, but there are also side quests that are more involved that will help you further." 8/10 - Nintendojo "The unique art style and narrative style are never a problem for the JRPG genre. If there's one thing I love about Final Fantasy and its many iterations, it's the pure adrenaline rush that comes from charging through the enemy line to save a princess from captivity. This game captures that feeling in spades. And the surprising art style didn't do anything to diminish the experience. This game is a love letter to fans of the fantasy genre and it's refreshing to play a game that embraces its own legacy rather than merely rehashing it." 8.5/10 - IGN The Elden Ring introduces a fantasy action RPG to the West. The deep and exciting board game is based on a mythological setting. Players will be able to enjoy a high-definition version of the game. • Fantasy Action RPG • A complete new version of the board game • High-Definition 3D Graphics • The Game with the Original/Completed New Myth The Elden Ring introduces a fantasy action RPG to the West.
