“We wanted to capture the world-class movement of today’s athletes and apply it to the action on the pitch,” said Kai Pützer, President of EA SPORTS. “The technology we have developed will enable a new level of interaction and player feedback in FIFA, creating the most advanced football game to date. We can’t wait to share more with fans across the world as we progress with development.” At launch, the true-to-life physics engine based on motion capture data will be immediately

available in Ultimate Team to recreate the intensity of high-level player movement in FIFA games. Until then, fans can experience “HyperMotion Technology” as “La Bestia” is playable in FIFA Ultimate Team. In-game images: Here are some screen shots of Fifa 22 Product Key features we were able to unveil. These were taken while the demonstration was running, but we’re sure there will be more images, as well as videos, as the game evolves throughout development. FIFA Fifa 22 Cracked Version introduces “HyperMotion Technology,” which uses motion capture data collected from 22 real-life players playing a complete, high-intensity football match in motion capture suits. The data collected from player movements, tackles, aerial duels and on-ball actions is used to power FIFA 22 gameplay. “We wanted to capture the world-class movement of today’s athletes and apply it to the action on the pitch,” said Kai Pützer, President of EA SPORTS. “The technology we have developed will enable a new level of interaction and player feedback in FIFA, creating the most advanced football game to date. Football/Soccer is the most played sport on

Earth with over 645 million users across the globe. Featuring authentic stadiums, teams, kit, authentic commentary, and dynamic gameplay, FIFA delivers the authenticity of the sport, with 100 authentic clubs, and over 3,500 licensed teams. Now introducing The Journey, a new open-world system that lets players create their own path in their own career, personalized by their choices as a player. Featuring dynamic gameplay with a real-world-inspired pitch, stadium and kit, players will have the ultimate control of the game. Gameplay innovations let players take control of the ball through dribbling, turning and shooting, with the ability to beat your opponent 1-on-1 by simply tapping their opponent. Control the game with ease thanks to the new pace control system. With new tactical goalkeeping AI, and radical new player intelligence, players will truly excel. The New Journey – Players can create their own path in FIFA through the new open-world system, The Journey. Players can create and play through their own story and gain experience throughout the game while making key decisions that impact their career. Whether they play for their favorite club or champion their country, players

can shape their own destiny on the pitch. New Features Pace Control Vastly improved pace control lets players control the pace of the game on the pitch, and has been made an essential skill, alongside dribbling, passing, shooting and turning. Players can make a run down the pitch or dictate pace, earning points and experience for their efforts. Moves and Boosts Ways to win matches are opened up through new moves and boosts: timing attacks for fast and precision, and advanced tactics to close out matches and let teammates shine in their own time. Skill Stick Revolution For the first time ever, players can choose the ideal control style by ear and with their Skill Stick, and convert their favorite style into the game depending on which button they choose on the rear touch controller. New Momentum A revolutionary new physics system gives players unparalleled control of the ball, making it feel as real and authentic as the sport itself. The Journey Players will have to manage their club's fortunes in a dynamic way through challenging career paths, customising their game through actions they take throughout their career and determining the ending of their story, which is now a fully open world. World Class Customise your team with the newest members to the FUT franchise, including Cristiano Ronaldo and Arda Turan, as well as the next generation of superstars including Jadon Sancho, Ousmane Dembele, Georges-Kevin Nkoudou, and Jean-Pierre Papin. Build a dream team with more than 900 players from around the world, bring them all to life with an improved player model, and personalise your stadium to showcase your very own squad. The New Ball Control and Maneuvering – The ball control system has been fully optimized for the next generation consoles. Players accelerate as quickly and quickly as they can make a run down field and end in a sprint - their preferred technique. With the ball in their control, players can perform incredible dribbling moves and timed run ins, find open teammates with short passes, and can even use the ball in tight spaces. Players can also quick-turn their run in any direction with the flick of the joystick. It's all about controlling the ball with every touch of the controller. New Face of Fame – Enjoy the introduction of new Faces of Fame, who could be your next hero. Choose from 23 Footballers

who will help you achieve your goals. The new soccer player models have been built from scratch using an entirely new engine and new animation system for new and improved player likenesses. The new engine – the game’s Ultimate Engine – provides smoother gameplay and more responsive ball physics. The new animation system – AI2 – creates lifelike and believable animations, allowing players to run and pass the ball with more fluidity. Completely redesigned skill animations and animations on the ball give players a more believable performance in the game. New Controls – The new ball physics provide players with a more natural experience while dribbling. The revised, new control scheme is designed to ensure that players are able to make the most of new ball control features and intuitive player movement. This includes quick “button free” shots as well as tighter turns and body feints that can be performed without the need to use the analog stick. The controls have also been simplified. Be A Pro - Make The Next Great Goal – Lead your team to international success with the Be a Pro add-on. Be a Pro allows the opportunity to step into the shoes of any of your favorite footballers

and forge your own identity in game. By becoming a Pro, you will have the chance to use all-new training

What's new in Fifa 22:

- **New Career Mode.** Live out your dreams as a manager and player in FIFA 22. Manage your club across the country, design your kits, style your stadium, and choose whether to compete with the elite or rise up from the lower divisions as you manage your club to glory. Or play as a player and feel the rush of running out at your own stadium for a match. As a manager, you can even get fans to chant, make banners and score goals for their club, and by becoming a loan star earn a reputation for the fans.
- **Introducing FIFA 22's Game Face feature.**
- **Referee's Dictate.** Mark your crosses, fine careless players, and make correct decisions on the field. Now the referee can take his own decision-making abilities to the next level by using Dictate.
- **Media Refresh.** Kick off your career by advancing through the ranks of sport-stardom with the introduction of the new Wikipedia Material.
- **Extra De Grese.** The Dirty Box enables you to score and hit 50-yard free-kicks without incurring the risk of a foul.
- **Extra Yellow Card.** A new yellow card animation with increased power and a different card sub-theme.
- **Extra Goal Alert.** Be notified when one of your players is on the run and set up a winning goal.
- **Live Closest Pass.** Receive more free kicks after attempting a pass.
- **Lorimiere.** Count your sums in real time rather than waiting for the game to finish.
- **Signing Aids.** Set up your contract, add staff to your roster, and hire new coaches for your club.
- **Snazzy Finisher Assist Shooting Mode.** Now you can use your top scorer to decide the best moment to shoot and have more control over your corners, free-kicks, and direct shooting. This includes external shots.
- **FIFA Flashback.** Play in classic UEFA Champions League matches seen in iconic stadiums including Old Trafford, Santiago Bernabeu and
